RBT-K47 » Reinforced polymer AK47 buffer tube - Rurowy Amortyzator

Producent : -

Description:

The RBT-K47 Reinforced Polymer AK47 Buffer Tube, converts your AK47/74 OEM stock to M16/M4 collapsible stock.

Advantages:

- ☐ Buffer End Expands Inside the Receiver when Bolts are Secure and Eliminates any Noise and Rattling
- ☐ Fits Your AK47/74
- ☐ Compatible to FAB's GLR-16S Tactical Buttstock
- ☐ No Gunsmith Required
- ☐ Constructed from Reinforced Polymer Composite, Light weight
- ☐ Bolt on Design for Easy Fit
- ☐ Self Adjustable to Any Stamped Receiver, No Drilling or Carving Required
- ☐ Super Rugged Design 8 Position Holes for Best Fit of the Stock to your Battle Stanch
- ☐ Recoil Reducing Buffer Will Improve Accuracy and "Targets in Sights" During Rapid Fire Rates
