FGK » Intergrated Foregrip and Trigger Guard, KPOS Compatible - Uchwyt Taktyczny Kompatybilny KPOS

Producent : -

Description:

The FGK Two-Position Foregrip and Tactical Light Mount transforms from horizontal to vertical by the push of a button, incorporating an adjustable sliding trigger guard enhancing your weapons safety feature and provides a tactical variant to your natural "fighting stance".

Advantages:

- ☐ Trigger Guard Enhances Your Weapon's Safety Features by Securing "Loaded Chamber" Carry
- ☐ Designed to Hold any 1" Diameter Tactical Flashlight and Allows Quick and Easy Operation
- ☐ Easily Fits on Firearm and Secured to Accessory Rail by 2 Bolts
- ☐ Tactical Light Secured on the Mount by a Quick Release Locking System that Allows Swift Mounting and Release of the Tactical Light, a Great Advantage for the Recharging Lights
- ☐ The Two holes on the Sides with Side Switches Allow Ambidextrous Operation of Flashlights
- ☐ Fits Handguards Equipped with a Weaver or Picatinny Rail System
- ☐ No Gunsmith Required
- ☐ Molded from Reinforced Polymer Composite, Super Lightweight
